FUELHAWK EQUIPMENT LTD.
COMMITTED · QUALITY · SERVICE

Fuelhawk Equipment Ltd. is focused on bringing quality products to the mining and heavy equipment industry. We are the authorized distributor for Graco ILE (Industrial Lubrication Equipment) providing custom lubrication systems for your equipment. Avoiding expensive equipment downtime is our goal. That's where a Graco Lubrication System can keep your equipment working to meet the challenging requirements of on-site servicing.

Effortless Auto Lubrication
G-Mini Compact Pump

Keep **All** lubrication points full of grease at the touch of a button. The G-Mini is the perfect fit for smaller equipment applications to reduce maintenance and downtime. The pairing of both Follower Plate and Stir Paddle ensures the pump element is always full of grease. The G-Mini is available in 0.5 liter, 1 liter or 2 liter reservoir sizes. Voltage options are 12v or 24v, each with an optional controller. The G-Mini has an optional heater allowing the pump to safely operate down to -40°C. Ideal for our Canadian winters.

Optional Remote Run button identifies if the lubricator is cycling or if there is a warning or an error

Optional Controller to customize cycle times and lubrication events

Compatible with the MSP and CSP Valve Banks
